Mrs. Reed

Room A102

kreed@indians.k12.pa.us

570-648-5731 ext. 3102

welcome

to Parenting

In this class you will study reproductive health, pregnancy and birth, roles and responsibilities of parents and caregivers, basic infant care, the social and emotional development of children, disciplinary techniques, and methods to promote language and cognitive development in children.

expectations

be on time

bring your pencil and chromebook each day

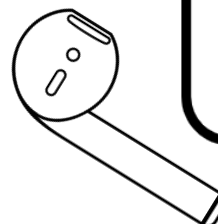

help with clean up daily
(even if it's not your mess!)

respect yourself, your peers
(this includes opinions and property!)
and school staff & property

take responsibility for your own learning
ie. ask for help or ideas, Stay focused during
work time given

You must ask permission to use cellphones in class.

Cell phones need to be put into the classroom holder at the beginning of class.

You are allowed to listen to music with headphones only during "student work time". You are not allowed to listen during presentations, demos, or any group instruction time.

Airpods may not be worn during instruction. Please remove them from your ears.

Misuse of cell phones or headphones will result in loss of privilege.

Parenting Projects and
Class Participation

commonly asked questions

What if I am absent?

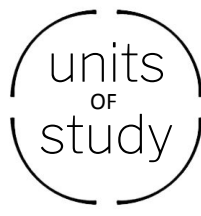

If you are absent it will be your responsibility to complete any missed work. Each assignment is to be completed in the amount of days absent. For example, if a student is absent three days, they have three days to complete the missed work. All work will be posted in our Google Classroom!

Do I lose points for late work?

Yes. Each online assignment, project, or lab day will be posted in the weekly agenda on our Google Classroom stream. These all come with due dates. It is your responsibility to keep track of lab days and assignment due dates. Make sure you turn your work in on time!

I'm not the best with babies/kids... will I struggle?

Not at all! Learning to care for babies and kids is tough, and the skills are often learned, not inherited (& science will back me up). You'll get lots of new knowledge, practice, and support from myself and your classmates. You will be fine!

Pre-, During, and Post-Pregnancy

Fertilization
Contraceptives
STDs & HIV/AIDS
Fertility Options
Pregnancy ~ Changes,
Development, Teratogens, &
Health Care
Birth Process

Infant Care

Basic Newborn Care & Needs
