Poster Projects

Directions: Using your account on postermyswall.com, please create a “New Design” “Poster” about **History**. On your poster, list the reasons why History matters and how it can help students (or citizens/people in general). Try to use **evidence, facts, and statistics** to backup your points as to why history is important. At the bottom of your poster in a smaller text, include the sources that you used for your information. In addition to why history matters, I recommend including the **benefits** to studying history (how does it help us as students, citizens, and people). Be creative, include appropriate photos, make sure everything blends together and it looks like a REAL poster (like at the store or magazine- not thrown together).

Topic: History

Question: Why is History important?

Information: Use evidence, facts, statistics, and even quotes that support (unless you find the opposite) that history is important, it matters, and it helps to benefit you. You do not need a paragraph, but just a few points. This is not an essay but more like an “**infographic**”. Please look up the term if you do not know what it means to be given examples.

Background/Images: You do not necessarily need an image as a background. You could use colors. If you use a photo as the background, you must make sure the viewer can still see the text.

Sources: At the bottom, list the sources (websites) you used for your information. Make sure they are credible (rule of thumb: .org, .gov, or ASK any teacher).

Good luck! Make it educational, aesthetically pleasing to the eye, and please be creative. When completed, please download it (the free download) and email it to me at jgrybos@indians.k12.pa.us
